

# FIGHTGLOBALVIRUS.COM

WE WON'T LET THE VIRUS DESTROY US  
IT IS THE TIME TO **UNITE** AS A NATION

LET'S FIGHT THE VIRUS TOGETHER

## **FIGHT** GLOBAL VIRUS

Website that helps people around the globe in the time of crisis, pandemic.

PROPOSED BY  
**OPTIMUM SOFTWARES**

## MAIN FOCUS

To help humanity in difficult times like COVID-19 Pandemic, by providing them food, ration, education, authentic info, legal resources.

**2020**

# FIGHT GLOBAL VIRUS

Website that helps people around the globe in the time of crisis, pandemic. Fight Global Virus' main focus is to help people in terms of ration distribution using help of local organizations and welfare trusts, providing information about facilities available in their local area (e.g. hospitals, isolation centers, medicines etc.), providing guidance to protect themselves from being infected by viruses, keeping people updated about virus in real-time and provides latest news about the virus. People can help us by joining as volunteers or donating to one of the participating organizations.

The keen objective is to contribute the technological efforts for protecting humanity from coronavirus by providing the following online services/features.

1. [HELP REQUEST](#) (Request for Food, Ration, Masks and Disinfectant Products).
2. [AUTHENTIC GUIDANCE FROM W.H.O](#) (How to protect yourself?).
3. [JOIN US](#) (Organizations and Individuals can Join us).
4. [DONATIONS](#) (Donate to participating organizations).
5. [OFFICIAL RESOURCES INFO](#) (Official Hospitals/Offices/Websites).
6. [FREE E-LEARNING CONTENT](#) (Helps utilize time in lockdown and increase technical knowledge).
7. [REAL-TIME UPDATES and NOTIFICATION](#) (current progress of country [cases, deaths, recoveries]).
8. [LATEST NEWS](#) (Show news from leading channels).

# DETAILED SERVICES

## HELP REQUESTS

With this service, people will be able to request help on our website. To submit a request user will fill a form with identity details like Name, Phone, CNIC, Address and a message of user needs.

Once a request is received, It will be responsibility of admin to forward the request to local welfare in the area of user who requested help. Once request is forwarded to a local welfare admin will inform the user that his/her request is confirmed and we are working on it. and then it will be the responsibility of that Local Welfare to full fill the help request.

## AUTHENTIC GUIDANCE

Website will provide complete and authentic guidance on all topics (such as, how to protect yourself against the virus or What to do if you have symptoms and etc.), we will make sure that the information is authentic and provided by identified resources like W.H.O, CDC or Government , We will tell users about myths and spread awareness and guide user about which information is fake and which one is recommended by W.H.O and CDC.

## JOIN US

“Join us” feature will help us expand our services to many areas with the help of local community, Both organizations and individuals will be able to join us by submitting their information through a form on our website.

### 1. JOIN AS INDIVIDUAL:

Once we receive a joining request from an individual, it will be responsibility of an admin to assign individual into participating organization in his/her area and then Organization will be responsible to assign a task to the volunteer.

### 2. JOIN AS ORGANIZATION:

Once we receive a joining request from an organization, we will keep the information about organization such as in which area organization is

serving, so that we can forward “HELP REQUEST” of users from that area to the organization and to assign volunteers (Individuals) of that area to the organization.

## **DONATIONS**

Website will promote participating organizations so people who cannot join us as a volunteer will help us through the donations instead, Donations will be collected for each participating organization users will be able to send donations directly to the participating organizations and we will promote the organizations and provide complete details about participating organizations (such as account numbers of organizations.) on the website.

## **OFFICIAL RESOURCES:**

Website will provide complete official and legal resources such as official authorities controlling the COVID-19 emergency in the country complete information such as Website links, Phone Numbers (such as <https://www.nih.org.pk/>, <https://www.nhsrsc.gov.pk/>, <https://covid.gov.pk/> and Phone: 1166) , Not just resources, links but also guidance about which official authority to connect in-case of emergency and official hospitals, isolation centers addresses, also informing user which one is nearby to his/her location.

## **FREE E-LEARNING CONTENT**

Website will provide users with E-LEARNING COURSES on different subjects such as computer science, we will provide sources to the user such an embedded educational video from YouTube, or a reference to a course from Udemy or similar sources, user will be able to select from different categories. This feature will help users to utilize their time in lockdown increase their knowledge and make their self technically stronger while staying safe at home.

## **REAL-TIME UPDATES and NOTIFICATION**

Website will keep user updated about the current progress of the country in fight against the virus, we will display current number of Cases, Recoveries and Deaths of the country and will also send notification to user if there's an update in Cases/Recoveries or Deaths in his country. Its completely optional for user to turn on notifications for these updates.

## **LATEST NEWS:**

Website will provide latest information regarding COVID-19 from leading news channel in user's country.
